

Minutes of Public hearing for proposed Re-Rolling Mill (3,00,000 TPA) Project-M/s Tejas iron and Steel Pvt. Ltd. at Village-Raipura, Tehsil-Fatuha Industrial Area, Fatuha, District-Patna.

VENUE: Murli Manohar Rajkiyakrit High School, Station Road, Fatuha, District-Patna.

Date & Time: 14th Sept, 2021; At: 10.30 A.M to 4.00 PM.

The following officials attended the Public Hearing:

1. Sri Vinayak Mishra, ADM, Representative of D.M, Patna;
2. Sri Anil Kumar, Regional Officer, BSPCB, Patna; and
3. Sri Thakur Prasad, R.O., DIC, Patna.

The following proponents/officials/representatives attended the Public Hearing:

1. Sri Ramesh Chandra Gupta, Proposed unit-M/s Tejas Iron and Steel Pvt. Ltd., Patna;
2. Sri Binay Kumar Singh, Proposed unit-M/s Tejas Iron and Steel Pvt. Ltd., Patna; and
3. Dr. S. Prasad, Consultant, Lucknow of the Project.

Number of persons participated in the Public Hearing was 71 and their list is enclosed as Annexure-I.

Sri Anil Kumar, Regional Officer, BSPCB, welcome the ADM, Patna, representatives of local public representatives, project proponent, public and other participants in the public hearing and initiated with introduction about the project. He informed the importance of public hearing for Environmental Clearance of the proposed project in such a rural area and its benefits to the local people.

Sri Vinayak Mishra, ADM, Patna welcome the representatives of the project proponent, public and other participants in the public hearing and initiated with introduction about the project. He informed about type of unit proposed to establish, location of the unit, capacity of the unit, raw material to be used, opportunity of direct and indirect employment and socio economic benefits of the area. Thereafter, he invited the project proponent's representative/consultant to explain regarding the proposed project from environment point of view.

Dr. S. Prasad, Environmental Consultant of the project delivered a presentation and highlighted the following:-

- Described about the project salient features, baseline environmental data & conditions within 10 km radius. He stated that water/air/soil samples were collected and analyzed, assessed about water/coal requirement and waste water generation/emissions in air.

- Informed that proposed unit shall be based on modern technology; area of the unit shall be 6.49 acre and 33% of which shall be left for green belt development; online emission monitoring system shall be installed with latest technique & alert system; cooling water shall be recycled; statutory permission for abstraction of ground water shall be obtained from competent authority; Gasifier process shall be adopted for heating purpose so that emission of PM shall be minimum. Project shall be implemented/established by following all statutory norms as prescribed under the Rules; and
- Also stated that employment will be generated from the project and employment preference will be given to local people or as per Rules.

Response of the Public & their opinion:

In the public hearing following persons have expressed their views/opinions as given below:

1. **Sri Abhay Kumar Singh**, Village-Dariyapur: Asked that what will happen of water pollution.
 - **Reply of project representative:-** Stated that water shall not be used in process, it will be required only for cooling purpose and they shall be recycled. Only make-up water shall be required and no effluent discharge shall be ensured.
2. **Sri Dev Nandan Kumar**, Village-Barispur, Karbigha, Fatuha: He asked what unit will do for society.

Reply of project representative:- Scheme shall be prepared for betterment of society. Local people shall be employed on the basis of their merit, as per guideline of corporate responsibility and as per provisions of the Rules. Contact shall be made with local public representative (Mukhiya etc) for improvement of infrastructure in local hospital/Scholl etc.
3. **Sri Bijendra Kumar Sinha**, Village-Fatuha: Regarding expected air pollution and their control facilities to be installed after establishment of the factory.

Reply of project representative:- Stated that gasifier, bagfilters, wet scrubber etc shall be established. They shall be of modern technology and online monitoring for emission system shall be provided with alert system.
4. **Sri Dilip Kumar**, Village-Dhanraj Tola: What are benefits of this factory.

Reply of project representative:- Local people shall be employed on the basis of their merit, as per guideline of corporate responsibility and as per provisions of the Rules. Employment/engagement generation shall take place, demand of human resource will increase etc.
5. **Sri Kamlesh Paswan**, Village-Samaspur, Fatuha: How many employment shall be generated.

Reply of project representative:- About 100 people will be engaged at different level.

6. **Sri Indradev Mistry**, Village-Ranipur, Fatuha: Burning of coal shall take place; whether heat will affect Fatuha or not?

Reply of project representative:-Stated that about 20,000 MT/year coal shall be required for heating purpose. Suitable and efficient energy/management system shall be implemented during various processing in re-rolling mill. Energy saving would be our one of the important economic parameter, otherwise cost of production shall not be viable.

Lastly, Sri Binay Kumar Singh, Director of the project was grateful to all present in this public hearing and expressed that he has noted all points discussed today and prompt action shall be taken on them to ensure early.

Conclusion:

Overall views of the public participated in the hearing were in favor of the project with adequate water/air/noise & waste management facilities.

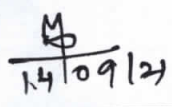

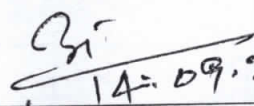

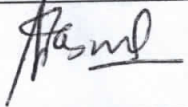

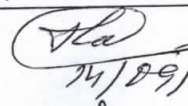

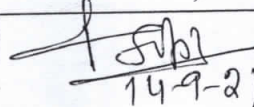

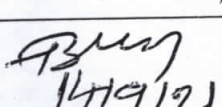

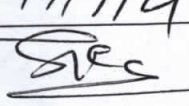

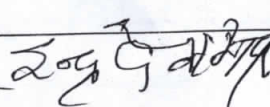

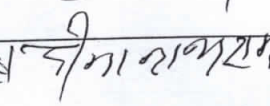

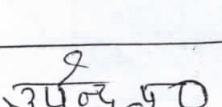

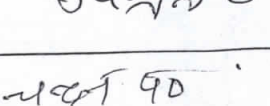

The proceedings of the public hearing are recorded and video taken. The same shall be submitted to all concern and the authority for necessary action.
